## Bloomfield School District Goals For 2012-2013

Joanne Decker  
Director of Technology  
January 22, 2013

# GOAL #1: NJDOE 3-Year Tech Plan

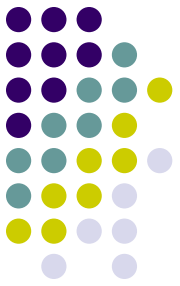

Develop Technology Plan for 2013-2016

- 3-Year Tech Plan to address inventory, goals, strategies, professional development, assessment, evaluation and funding of all district technology
- 3-Year Tech Plan is due for NJDOE approval by June 30, 2013 for e-rate qualification
- 3-Year Tech Plan forms basis for planning and implementation of a 21<sup>st</sup> century learning environment and is intended to provide successful implementation of PARCC

# GOAL #2: PARCC Test Readiness

Partnership for Assessment of Readiness for College and Careers

PARCC is a Consortium of 22 states developing  
Common Core State Standards

PARCC is developing summative assessment  
aligned to the Common Core

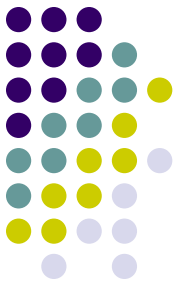

PARCC assessments will be administered during the  
2014-2015 school year

PARCC assessments are computer-based tests

# GOAL #3:

## Bloomfield School District Website and Parent Portal

Edline Parent Portal and Teacher Webpages

Continue to activate parent accounts to provide communication between home and schools

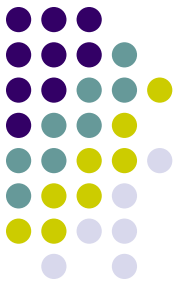

Continue training staff in creation and use of teacher class webpages for instructional purposes

Continue use of Electronic Gradebook (EGP) and interface with our student management system

Expansion of the website to facilitate content management directly by personnel and for deployment of more interactive, dynamic features

# GOAL #4: District Technology Support

Online subscriptions and resources

Support of the following tech-based instructional solutions: Renaissance Learning; Rosetta Stone; Discovery; Follett Destiny; Study Island; Morris SMS; MS Office 365

Support of the following tech-based administrative solutions: AESOP; Applitrack; Systems 3000; MS Office Suite

Support, service and inventory of all district hardware devices

Support and service of entire district network infrastructure
